M.Tech. CSE @ IIIT Allahabad (2020-2022 | GATE CSE Qualified, 2020
New Delhi

Summary

Every brand has stories to tell—stories that will not only engage, inform, surprise, delight, and impact their audience, but that will also deliver on measurable business goals.

I'm pursuing B.Tech in Computer Science from JSS Academy of Technical Education, Noida (UP).

I believe that I'm good in Web Development using PHP and communication skills.

I have the ability to express technical concepts clearly to people with no technical background.

I'm an effective communicator with excellent interpersonal, logical thinking & analytical abilities.

I'm a fast learner and ready to learn a new thing as and when required for any task provided.

Previously, I worked with Werp-India as a summer trainee/Intern. I worked on Developing a website(completing the incomplete website) and hosting it on a web server.

If you'd like to learn more about how my services can help your company, please reach out via email (gupta.saurabh178@gmail.com).
